BOTH SENATORS INTERVIEWED ON COMMITTEE'S ACT

FORAKER SAYS HE HAD NOTHING TO ADD TO RECENT LETTER

SEN. DICK REFUSES TO TALK

Committee Settles Republican Factional Differences in Several Counties at Meeting.

Columbus, O., July 31.—By a vote of 15 to 6 the presidential candidacy of Secretary of War William H. Taft was endorsed by the Ohio state Republican central committee, the six opposing votes being cast by Committee-men King, Hess, Gould, McCoy, McNutt and Black, the latter by proxy. The endorsing resolution, introduced by Committee-man Overturf of Delaware, carries with it an amendment disclaiming intention to eliminate Senators Foraker and Dick from public life, which was adopted by a vote of 11 to 10 against the protests of the Foraker-Dick committee.

"Be it resolved by the Republican state central committee of Ohio, that we believe the great majority of the people of Ohio, convinced of the high character, great ability and distinguished services of Secretary Taft, endorse his candidacy for the presidency; and further,

"We declare that the Republicans of Ohio overwhelmingly desire that the name of the Honorable William Howard Taft be presented to the nation as Ohio's candidate for president, and that the Republicans of other states be invited to co-operate with the Republicans of Ohio to secure his nomination in 1908.

"And be it further resolved, That we emphatically declare that the Republicans of Ohio are opposed to the elimination from public life of Senator J. B. Foraker and Charles Dick, whose services to the party and state have been distinguished by ability, wisdom and patriotism."

In the matter of county party contests the committee recognized the Johnson faction in Lawrence county, the Westfall faction in Vinton county and the Eagle faction in Gallia county, and adjourned.

Nothing to Say.

Akron, O., July 31.—Following the reading of the dispatches from Columbus in which it was stated that Secretary Taft had been endorsed for the presidency as Ohio's candidate by the Republican state central committee, Senator Charles Dick refused to make any comments. Neither would the junior senator discuss the letter of Senator Foraker to the committee, in which the senior senator asked that no endorsement be made by the committee upon the ground that it would be premature.

Foraker Interviewed.

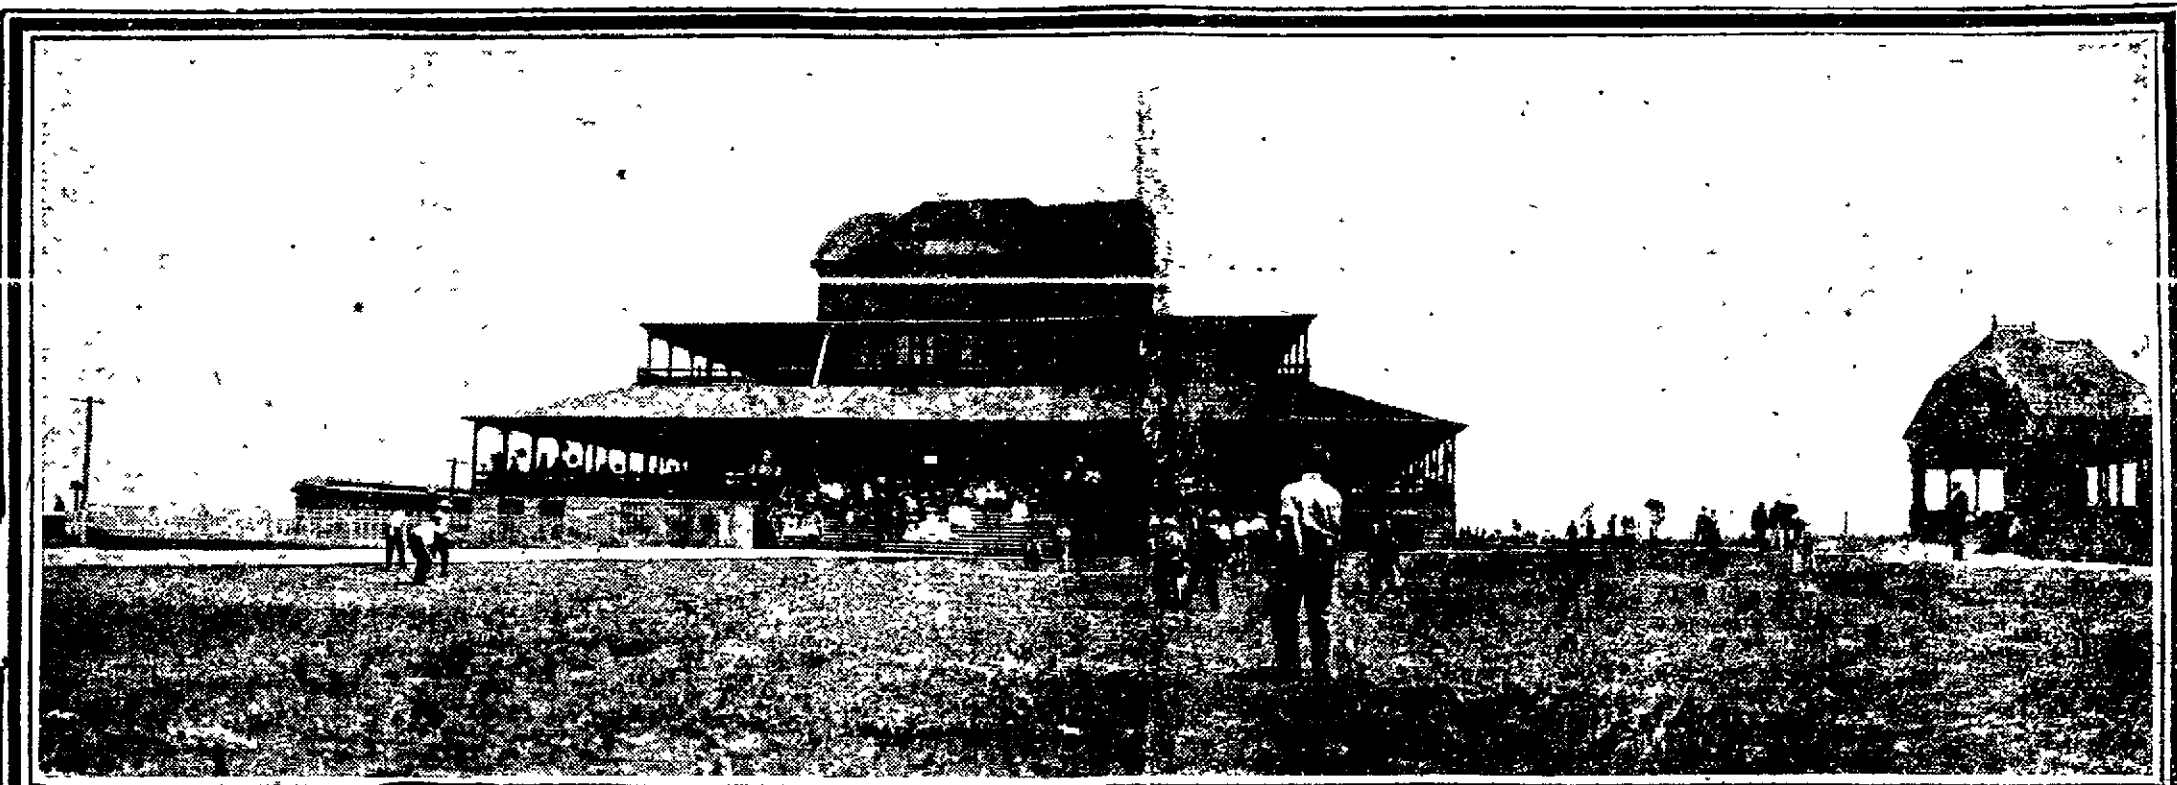

Cincinnati, O., July 31.—When United States Senator Foraker learned of the action of the Republican state central committee he gave out the following statement: "I can not add anything to what I said in my open letter published Tuesday. I wrote that letter foreseeing the result and feeling that it was my duty to give notice before any such unauthorized action. The committee had no more right to speak on that subject for the Republicans of Ohio than any other 21 Republicans of the state might have had, and the action of the committee will not affect my course in any way. The next state convention will have authority to speak, and by the action of that convention it will be the duty of every good Republican to abide. In the meanwhile we shall have our municipal elections and the benefit of occurring events, in the light of all which we shall no doubt be able to act intelligently and satisfactorily."

FORAKER'S FRIENDS FIGHT JUST BEGUN

Was Action of Ohio Committee Intended as a Slap at President Roosevelt?

Washington, July 31.—Was the action of the Ohio Republican state central committee yesterday in opposing the elimination of Foraker and Dick from public life intended as a slap at President Roosevelt? The report in Washington is that the President believes that Foraker ought to be "eliminated." Certainly, Mr. Roosevelt could subscribe unqualifiedly to the statement made by the committee that the services of these statesmen have been "distinguished by ability, wisdom and patriotism." Moreover, it is pointed out that there is a noticeable absence in the resolutions of

FAMOUS LONG BEACH, L. I. HOTEL, TOTALLY DESTROYED BY FIRE

the committee of any reference to Roosevelt, and Roosevelt policies. The politicians here are speculating as to the purpose behind the action of the Ohio Republican leaders. Foraker's friends here today say that the fight has only begun.

TAFT WILL SPEAK IN COLUMBUS AUG. 19

Washington, July 31.—Secretary Taft has accepted an invitation to address the Republican club of Columbus on August 19th.

OVATION GIVEN TO FAIRBANKS

Boston, July 31.—Riding in a carriage with Mayor Fitzgerald, Vice President Fairbanks received an ovation all along the route of the monster parade which marked today's celebration of "Old Home" week. Cries of "Hooryay for the next president," caused him to bow right and left.

FOREST FIRES RAGING.

Tacoma, July 31.—Unless soaking rains come soon a million feet of timber in Skagit county will be destroyed by great fires, which are raging north of Bird View. Fires are also raging in Snohomish county. The settlers and campers are fleeing.

COMMERCE COMMISSION RULES.

Washington, July 31.—Commerce Commissioner Clark of the Interstate Commerce commission today ruled that in a proportionate distribution of cars to mines the railroads must take into account private and foreign cars as well as regular system cars. The case came before the commission on complaint of the Ohio Railway Commission against the Hocking Valley and Wheeling & Lake Erie roads.

PRAISE PALSITS, STATE HISTORIAN

New York, July 31.—Victor Hugo Palsits' appointment as State Historian

in the place of Hugh Hastings is the prevailing subject of discussion. Mr. Palsits is a bibliographer, Club. Besides being a historian of note Mr. Palsits is a bibliographer and a librarian of some distinction.

JUDGE ROBBINS VACATES BENCH IN POWERS TRIAL

DECLARES ALLEGATIONS MADE IN DEFENDANT'S AFFIDAVIT ARE NOT TRUE.

HIS WHOLE RECORD IS CLEAR

Governor Beckham Will Appoint New Judge to Sit in the Caleb Powers Case.

Georgetown, Ky., July 31.—Special Judge Robbins vacated the bench in the Caleb Powers trial here today. He gave the reason that his record of nine years as judge had not been attacked before, and while the allegations in the affidavit of Powers were untrue, he would vacate under the circumstances. He denied, that, as a Democrat, he was prejudiced. Gov. Beckham will appoint a new judge.

ARGUMENTS

Completed in Matter of Having Judge Vacate the Bench in the Powers Trial in Kentucky.

Georgetown, Ky., July 31.—Arguments to have Special Judge Robbins vacate the bench in the Caleb Powers trial are completed, and court took the matter under advisement. The deposition of Mrs. Henry Yountsey filed in the Scott county circuit court contains sensational matter pertaining to the treatment of her husband in the penitentiary before and after his confession to the murder of Goebel. She says that Colonel Lillard, warden of the prison, told her that her husband could get out if he told what he knew. The statement was also made to the effect that her husband admitted to Powers in the Georgetown jail that he would commit perjury if he testified against him.

ENGINE EXPLODES AND KILLED FOUR

Milan, Tenn., July 31.—Four persons were killed and another fatally injured and 10 others were seriously hurt when an engine attached to a fast Illinois Central freight train northbound exploded near this place, wrecking the train, as well as another freight train standing on an adjacent siding. The dead: Engineer Maloney, Chicago; Robert Henderson, Bremen, Jackson, Tenn. two tramps, unidentified. Fatally injured: A Blinnco, trainman, Jackson, Tenn. Both trains caught fire and will be destroyed. The cause of the explosion could not be ascertained.

The Japanese Problem.
Washington, July 31.—The State Department has taken up with Mexico the subject of immigration of Japanese coolies into the United States across the Mexican border. The practice of thus bringing in this undesirable and forbidden element has assumed alarming proportions, and the inspectors of the immigration service are being taxed beyond their abilities to discover and turn back such Japanese.

It is positively asserted that Thos. W. Lawson of Boston, has purchased the plant of the Arizona Smelting company in Arizona. The deal involves \$17,000,000 and carries control of many mines in that section.

THE INDEPENDENCE OF THE FILIPINOS WIN AT ELECTION

Manila, July 31.—The independence factions that united in the campaign under the name of Nationalists appear to have won the election held through out the Philippine Islands. Incomplete returns from 50 out of 80 districts show that 31 Nationalists were elected, 10 Progressives, 8 Independents and 1 Catholic. In Manila the Nationalists won by a large majority in both districts. Dominador Gomez claims the election in the First district in the city, while Justo Lakban contests the election of both Independence candidates. It probably will be 10 days or two weeks before the complete returns are received.

AT JAMESTOWN PROMINENT MEN CENTRAL FIGURES

Norfolk, Va., July 31.—A. E. Stevenson of Illinois, former vice president of the United States; Congressman J. Warren Keifer of Ohio, former speaker of the house of representatives, and Jose De Diego, speaker of the Porto Rican house of delegates, were the central figures of attraction at the celebration at the Jamestown exposition on "Legislative Assembly day," or the two hundred and eighty-eighth anniversary of convening of the first house of burgesses of Virginia, at Jamestown Island, July 30, 1619, this being the first legislative assembly to meet on American soil.

THERE IS NO USE TO EXHUME BODY OF MRS. MAGILL

Clinton, Ill., July 31.—In the grand jury's investigation of the case of Mr. and Mrs. Magill, it developed that exhuming the body of Magill's first wife, whom he is suspected of poisoning, would be useless, as the undertaker testified that he had used arsenic in the embalming fluid. A subpoena was issued for Marguerite Magill, daughter of the accused, but she has not yet been found. She has never called at the jail, neither have any other of Magill's relatives.

TAKE NO ACTION IN MAGILL MYSTERY

Clinton, Ill., July 31.—The grand jury has closed its second day's deliberations without taking any action in the Magill mystery. The defense is jubilant over the fact that it won on Tuesday, when the grand jury, before the jury that the much-talked-about suicide letters were in the handwriting of Mrs. 'Peg' Magill. The case of the death is being investigated.

Another Auto-Chase Tour.
New York, July 31.—Fifty-five automobilists started on a two days endurance run from New York to Providence, R. I., by way of Poughkeepsie, Springfield and Worcester.

GOV. HANLEY IN DIRECT ISSUE WITH PRESIDENT

ALSO WITH THE IDEAS OF SENATOR BEVERIDGE ON CHILD LABOR.

IN FAVOR OF STATES' RIGHTS

And Says Nation Should Not Solve Pending Problems—Beveridge Honored.

Elkhart, Ind., July 31.—Governor Hanley, before the Chautauqua Assembly today took issue with Senator Beveridge's child labor regulation ideas; with President Roosevelt's inheritance tax ideas, and the general proposition that the national government was to take charge of the intimate affairs of the states. He declared that the states, not the nation, should solve the problems that are coming up.

HONOR BEVERIDGE IN GERMANY

Berlin, July 31.—As a courtesy to Senator Albert J. Beveridge and other prominent Americans interested in his approaching wedding to Katharine Eddy in Berlin, the German foreign office has secured a special dispensation waiving the usual legal restrictions regarding residence qualifications upon the marriage of foreigners.

According to present plans a registrar will perform the civil ceremony in United States Ambassador Charlesmagne Tower's residence, after which the religious marriage service will be performed by the Rev. Thomas Hall of New York. David Graham Phillips will act as best man.

Senator Beveridge arrived in Berlin Tuesday. The ceremony will take place at noon on Wednesday, Aug 7.

Beware of the Court.
Washington, July 31.—The president has denied an application for a pardon made on behalf of H. H. Tucker, who was sentenced on June 5 to three months' imprisonment for contempt of court by Circuit Judge Hook in the United States circuit court for the district of Kansas. The alleged contempt consisted in filing an affidavit asking for a change of judge and making charges against Judge Pollock of the district court. Attorney General Bonaparte recommended to the president that the application be not granted.

Scap Scaps.
St. Louis, July 31.—Hearing that the assets of the E. J. O'Brien Deinter company of St. Louis had been sold to the Procter & Gamble company of Cincinnati by O'Brien for \$50,000 cash and an additional \$25,000 to be paid each year for the next 17 years, E. J. O'Brien of New Orleans and Daniel Grant of Memphis have asked Judge Dyer of the United States circuit court to appoint a receiver for the company. The petitioners want one-fourth the proceeds a month they own 452 of the company's 2400 shares.

FRICK TO RETURN H. B. ROGERS ILL

New York, July 31.—Wall street was surprised Tuesday to hear that Henry Clay Frick is now returning to the country on the steamship New York, which sailed from Cherbourg on Saturday. It had been supposed that

he would remain abroad another month.

It was rumored that the sudden return of Mr. Frick was due to the serious illness of Mr. Henry H. Rogers, but members of the Rogers family were strenuous in their assurances that Mr. Rogers was suffering nothing more than a slight indisposition and that he is staying at present with some friends on Long Island.

PILGRIMS SEEK FOR WARMER CLIMATE

Winnipeg, Man., July 31.—Doubtless pilgrims, 33 in number, who reached Winnipeg on a march to a warmer climate, continued their journey eastward. They were persuaded not to go by way of the states, as they would certainly be turned back at the border. They hope to reach Montreal, and have implicit faith in completing the hazardous journey and being able to take ship for southern Europe. They declined to work farms provided by the government, being averse to using horses or cattle and also to wearing clothing made from wool or boots made from leather. The men and women are about equally divided, but they disclaim marriage, saying they are all brothers and sisters.

TEACHER SUICIDES.

Detroit, July 31.—Belle Donaldson, aged 34, a teacher of Latin in the Central high school, committed suicide here by strangling herself to death. She had suffered from insomnia and inability to sleep drove her mad.

Canal Damaged.

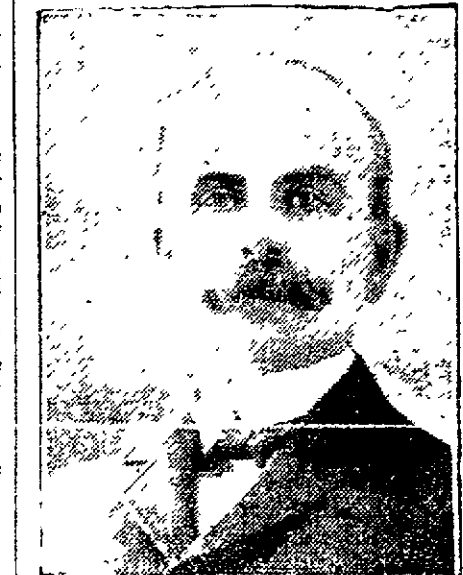

Syracuse, N. Y., July 31.—The stone arches that support the bed of the Erie canal at a point near the center of this city, where it passes over Onondaga creek, gave way, and four canal boats were drawn into the bed of the creek beneath, 50 feet of the wall of the Empire flouring mill fell into the water, and the Bartels and Greenway breweries, respectively, on the north and south banks of the canal, were threatened with demolition.

SHOT BY ROBBERS.

Chicago, July 31.—Albert Walsh, aged 23, a draughtsman, was shot dead in his home by burglars. The robbers escaped.

FROST IS PLANNING SING SING REFORMS

New York, July 31.—With Governor Hughes preparing to have the

charges of petty graft and favoritism shown some of the prisoners in Sing Sing prison investigated. Jesse D. Frost, the new warden of the penal institution, is making many plans for abolishing the alleged methods which many discharged prisoners bitterly condemned.

PROHIBITION BILL HAS BEEN PASSED IN OLD GEORGIA

NO MORE BOOZE IN THAT STATE AFTER THE FIRST DAY OF JANUARY, 1908.

LIQUOR AS A BEVERAGE

Is Tabooed But Druggists May Sell Alcohol on a Physician's Prescription.

Atlanta, Ga., July 31.—The prohibition bill which recently passed the Georgia senate is now practically a law, effective on Jan. 1, 1908. It has just passed the house of representatives, and awaits only the signature of Governor Smith, and it is a foregone conclusion that that official will sign it.

The bill prohibits the manufacture or keeping on hand in any place of business, the sale or giving away to induce business within the state of any liquor that may produce intoxication. The new law is to become effective Jan. 1, 1908.

After the first fight on the bill, in which the opponents of the bill showed their ability to keep the act from its third reading, an agreement was reached making the bill a special order, with the provision that a vote should be taken at a specified time. This program was carried out. Twenty-one amendments were offered. Only two were allowed, and both of these were introduced by the prohibitionists. The anti-prohibitionists made their hardest fight to secure the adoption of an amendment to postpone until January, 1909, the date when the bill should become effective. This was lost, 128 to 49.

The amendments permit the sale of pure alcohol by retail druggists on the prescription of a reputable physician, and also allow wholesale druggists to carry pure alcohol in stock for sale to retailers only.

OHIO COMPANIES ARE INVOLVED IN TRUST SUIT

Washington, July 31.—Three Ohio companies are made co-defendants in the suit against the powder trust, brought by the government at Wilmington, Del., viz: The King Powder company, organized under the laws of Ohio, with offices at Cincinnati, capital stock \$325,000; the Austin Powder company, organized under the laws of Ohio, offices at Cleveland, capital stock \$400,000, and the Miami Powder company, organized under the laws of New Jersey, offices at Xenia, capital stock \$300,000. Relative to the connection of United States Senator Henry A. DuPont with the so-called trust, the bill filed says: "That the defendant, Henry A. DuPont, was the president and member of the board of directors of E. I. DuPont de Nemours & Company from the time of its organization until the first day of January, 1906."

THE CRUISER IS THE BEST SHIP

London, July 31.—During the course of a discussion on naval matters in the house of lords, Baron Tweedmouth, first lord of the admiralty, said that the admiralty had in mind a new and extended cruiser construction policy, which probably would be brought forward next year. "After all," said he, "the cruiser is the ship by means of which we keep our dominance of the sea. The battleships are the policemen of the sea. It is their business to destroy the fleet of the enemy, leaving the cruisers to guard the commerce."

BECAME INSANE

In a New York Central Express and Attempts to Murder His Two Year Old Daughter.

New York, July 31.—Frederick Ford of Philadelphia became insane in a New York Central express train after leaving Albany and made several efforts to kill his two-year-old daughter by throwing her from the window of the train as it was speeding along, but was prevented by passengers. Ford also tried to make away with himself by leaping from the train, but was restrained and held captive by members of the train crew.

A dispatch from Hibbing, Minn., says that Petrella, the strike leader, was arrested on a charge of carrying concealed weapons.

SERIOUS TROUBLE SEEMS BREWING

In the Strike of the Minnesota Ore Dockmen.

PINKERTONS ON THE SCENE

Several Carloads of Outside Workmen and Strikebreakers in Cars, and All Indications Point to an Attempt of the Steel Company to Resume Operations if Possible.

Duluth, Minn., July 31.—Nearly all the men who have been stopping at West End hotels and are supposed to have been brought in as ore dock strikebreakers have disappeared, and they are housed in boarding cars on the docks. It is estimated that there are enough men to operate the docks. In police circles preparations are being made to protect the men who go to work.

Officials of the steel corporation continue the conciliatory attitude which they have thus far maintained toward the striking ore dock employees, but it is not believed they will hold open to them an opportunity to return to work more than 24 hours. Should the men then decline to return to work, the steel corporation will proceed at once to make preparations to resume operations on the docks with such other labor as it may have at its command.

The labor leaders assert that they can keep the dock and mining operations tied up. They say that there will be no violence, neither in Duluth and Superior, when the docks are reopened for business, nor on the range when the mines are fully open, and the men will not be molested if they want to return to work. This strike so far has been very orderly.

The United States Steel corporation is said to be fully prepared for resumption of business as soon as the men have given their final answer. Preparations have been made to house and feed whatever workmen the company may find it necessary to use in starting full operations. Ample protection against violence or intimidation will be afforded by the city authorities.

Protest Against Pinkertons.
St. Paul, Minn., July 31.—Protests are being made to Governor Johnson and Attorney General Young from various parts of the state against the use of Pinkertons and other armed men by mine owners and the steel corporation.

RAILROAD SITUATION

Not Bothering Chicago Postal Officials in the Least.

Washington, July 31.—Postoffice department officials are not disturbed by report that western railroads are near a break with the department on account of the enforcement of recent orders penalizing railroads for failure to execute properly their contracts for the transportation of mails. John W. Holliday, formerly chief clerk of the railway mail service and now acting as second assistant postmaster general, said that railroads are not fined for failure to make connections with mail in the event of unavoidable accident or delay, but that when the railroads can offer no reasonable excuse and the delays number ten or more in any one quarter the law providing for fines are enforced. In regard to the reduction of space in mail cars he said that to pay for space not needed would be to subsidize the railroads, and the department would be unwarranted in doing so. All of these questions he said were to be taken up with the railroads upon the return from Europe of Second Assistant Postmaster General McCleary.

HOLY JUMPERS

Blamed For Getting Young Girl Away From Home.

Waukesha, Wis., July 31.—Mrs. Anna Lundell, of Sauk City, Ia., has arrived in the city to secure, if possible her daughter, Olga, aged 17, from the "Holy Jumpers" and induce her to return to her home from which the mother says, she was enticed by the apostles of the sect in November, 1906. The law has been evoked to aid the mother in her quest, a writ of habeas corpus having been issued by court commissioner. According to the story of the mother, Olga, a sophomore in the Sauk City high school, was happy and contented in her home and school life until a band of the "Holy Jumpers" made their appearance at Sauk City, a year ago, and commenced a series of camp meetings and revivals in the town.

The girl disappeared after the camp meeting ceased. She seems to be under the influence of the "Jumpers," hence the application to the courts by her mother to secure her release.

The Second Suicide.
Colorado Springs, Colo., July 31.—Richard R. Rumbach of Washington, D. C., the witness who, it was believed, could shed light upon the death of Miss Laura Matthews, shot and killed himself while the coroner's jury was awaiting his appearance to testify.

Never Jarred Schmitz.
San Francisco, July 31.—Eugene L. Schmitz, the convicted mayor, has made appointments to fill the vacancies created by the forced resignations of 14 members of the board of supervisors, Schmitz claiming the right of appointment on the grounds that he is the rightful mayor of San Francisco.

RAILWAY AFFAIRS

B. & O. Claim Agent A. R. Clayton is in Steubenville on business. Mr. M. F. Kelley, night ticket agent at the B. & O. station, has returned with his family from a pleasant outing at the lakes.

Mr. H. A. Moore, of the Youngstown Construction company, which is building the new bridge that will be put over the Licking river, says that the bridge will not be put in place before 12 to 14 days hence, and to give an idea of how quickly this work should be done, he stated that a few weeks ago his company put a bridge on the Marietta division in exactly 11 minutes, and that the structure was twice as large as the work here. It will be an interesting piece of work and this paper will give an extended account of the work later on.

Mr. E. E. Maxwell who is connected with construction work on the B. & O. is registered at the Sherwood. Mr. Maxwell will be here some months looking after the improvements now going in on the B. & O. system.

B. & O. engine 556, formerly used by T. W. Fowler and S. D. Stephens and which has been in Baltimore for two months undergoing a thorough overhauling, was turned out of the Mt. Clair shops July 15th and arrived in Cambridge Saturday, when it was turned over to the former "owners" on its old run, the "Roughriders." If you wish to see two smiling faces adorning the cab of a bright new engine, look for Fowler and Stephens for they have a pleasant word and a happy smile for everybody, in thanking the officials for returning the old engine in new clothes, say they will carefully protect it.—Cambridge Jeffersonian.

FUNNY PLACE TO MAKE FIND OF PIG IRON

BUT GEORGE STUCK TO HIS STORY TILL SCREWS WERE APPLIED.

One of Newark's Finest Will Take Part in a Big Barn Dance

George Frazier was up before the Mayor Wednesday morning charged with being drunk. He had disposed of some pig iron to a junk dealer and invested the proceeds in hop juice. When asked where he got the iron George said he found it on the city dumping ground. The mayor thought it a queer place to pick up pig iron but George like his namesake, said he could not tell a lie. Chief Sheridan took him into the ante room and put him through the 33d and George came out with a penitent expression admitted to copping the ore from the B. & O. He was given \$5 and fifteen days in jail to ruminate on the evils resulting from having other people's property stick to your fingers.

Chas. Bohm, who was found loitering on Church street, was given a little fatherly advice by his honor and told to go and sin no more. He left after receiving a suspended sentence pending good behavior.

James Ryan, hailing from Mansfield, drew \$5 and costs for train riding.

There will be a third officer at the patrol station tomorrow for Bob Francis, the popular wagon driver, is going out to the vicinity of Black Hand, to see, well no matter whom, but he is going to attend a barn dance and incidentally show some of the natives how the boys of Newark's finest shake their feet and glide through a waltz, two-step or schotish.

NEWARK CLUB

WILL DEFEND

PHILLIS TROPHY

The Newark Gun Club will defend the Phillis trophy, which is emblematic of the six-man championship of Ohio, on Friday, August 2 at the State Camp Grounds, against the Columbus club which has challenged.

The Newark Gun Club has had possession of the trophy for two years, and hopes to retain it after this match. At the same shoot there will be shot sweepstakes matches, which any one can enter. Thursday there will be a practice shoot on the camp grounds at 1:30 p. m.

ASK your stenographer what it means to change a typewriter ribbon three times in getting out a day's work.

The New Tri-Chrome Smith Premier Typewriter

makes ribbon changes unnecessary; gives you, with one ribbon and one machine, the three essential kinds of business typewriting—black record, purple copying and red.

This machine permits not only the use of a three-color ribbon, but also of a two-color or single-color ribbon. No extra cost for this new model.

\$1,500,000 FIRE AT CONEY ISLAND. DUE TO ACIGARETTE.

PANORAMIC VIEW OF CONEY ISLAND'S FIRE ZONE

Coney Island, New York, was fire swept for the third time in eight years at dawn on Sunday. George C. Tilyon's Steeplechase Park was laid in ruins, causing a loss of \$1,000,000 on which there was not a penny of insurance. It will not be rebuilt. Twenty-seven buildings along the east side of the old Bowery, between Steeplechase Park and Henderson's Walk, were licked up like houses of paper, adding an approximate \$500,000 on the loss sustained by Mr. Tilyon. Startling supposedly from a lighted cigarette thrown among refuse in the heart of Steeplechase Park, the flames leaped in all directions almost instantly. Before a fireman arrived the fire had doomed the big amusement park.

FORAKER WILL FIGHT

The Republican state central committee has spoken. Fifteen of the 21 members have climbed upon the Taft band wagon and there proclaimed their choice for the presidency. Now comes one Joseph Benson Foraker with the utterance:

"The committee had no more right to speak on that subject for the Republicans of Ohio than any other 21 Republicans of the state might have had, and the action of the committee will not affect my course in any way. The next state convention will have authority to speak, and by the action of that convention it will be the duty of every good Republican to abide. In the meanwhile we shall have our municipal elections and the benefit of occurring events, in the light of all which we shall no doubt be able to act intelligently and satisfactorily."

All of this is interesting in that it indicates that the factional fight has only begun. Senator Foraker and his friends will not throw up the sponge just because a majority of the state central committee ordered it done.

To show the temper of the members of the committee, an amendment to the indorsing resolution, declaring that Senators Foraker and Dick should not be eliminated from public life, was adopted by the narrow margin of 11 to 10.

THE IDAHO TRIAL

The Haywood trial at Boise, Idaho, has ended in a verdict of acquittal. President Moyer has been released on bail, and Pettibone, another officer of the Western Federation of Miners, has been refused bail, his trial having been set for next October.

There are of course conflicting

views as to the verdict rendered Sunday morning, but the consensus of opinion of unprejudiced men as gathered from the perusal of papers printed over a wide area, is that the state failed to make out a case against the miners' secretary.

Whatever conflicting views may be entertained regarding the trial just ended, there will not be much controversy as to Orchard, the prosecution's chief witness, who for eight days occupied the witness chair and recited a confession of crimes that shocked the world. Orchard was very penitent and he evidently wanted to hang Haywood.

By his own admission Orchard has sounded all the depths and shoals of crime for a lifetime. He has hesitated at nothing, from lying to wholesale murder. To such a monster one more lie or one more murder might make no difference. The jury seems to have taken some such view of it.

Mrs. Carrie Nation of Kansas fame, has now expressed a desire to reform Pittsburg. If she attempts to execute her plan, Mrs. Nation will require the output of a hatchet factory and a battalion of assistants.

Public attention will now be diverted from the Haywood trial, in Idaho, to the fourth trial of Caleb Powers in Kentucky for complicity in the assassination of Governor Gobel at Frankfort in 1900. Powers has been twice convicted and once pardoned, but is still unhung and unreleased from confinement. Two of the persons tried by the courts as accessory to the murder are serving life sentences in the State penitentiary.

The New York Herald observes that "it looks as if some Republican politicians had mistaken the buzz of a mosquito for that of a presidential bee," but it mentions no names. Surely the Herald was not thinking of the senior senator from Ohio.

HOT WEATHER CONUNDRUM

A Detroit man, says the Free Press sold his piano to make room for his mother-in-law. Which would you rather?—Cleveland Leader.

Rather what? Rather sell your piano than your mother-in-law? Or rather sell your piano than make room for your mother-in-law? What was the Free Press doing with that piano, anyway? When did the Free Press acquire a mother-in-law? Is he a truthful Detroit man who says the Free Press sold his piano? Please ask us that conundrum once more and say it slowly.—New York Herald.

HICKS TALKS OF AUGUST WEATHER

PROPHET SAYS COMING MONTH WILL FURNISH SERIES OF STORMS.

Thunder Storms With Many Stiff Local Gusts of Wind Will Center on and About 1st-2d.

A regular storm period will be at its crisis on August the 1st and 2d. A mercury period is near its center at this time and will prolong and intensify storm conditions at this period. Thunder storms, with many stiff, local gusts of wind and rain, will center on and about the 1st and 2d. Immediately after these storms pass east of any given locality, the wind will shift to westerly, the barometer will rise and change to some cooler will take place. Cloudiness with a degree of threatening conditions will remain for several days, even after the storm areas have passed away.

A reactionary storm period is central on the 5th, 6th and 7th, on and about which days may be expected a return of storm conditions. The warmth will increase, the barometer will fall, and cloudiness will grow into decided areas of storminess and precipitation. These storm areas will of course, not cover the whole country on any one date, but they will start in western parts and progress in regular order eastwardly across the country.

A regular storm period extends from the 10th to the 14th. It is central on the 12th and will come to a crisis, centrally between east and west extremes of the country, on Tuesday and Wednesday, the 13th and 14th. If you are far west you will get your storms a day or two earlier; you who are far to the east will read of the storms before they reach you. Bide your time and watch things grow.

A reactionary storm period is central on the 17th, 18th and 19th. As this period begins it will grow much warmer, first in the west, the barometer will fall and reactionary storms of rain, wind and thunder will pass eastwardly across the country, reaching their culmination stages on and touching the 18th and 19th. Let it be remembered that the earth's autumnal equinox extends to this part of August.

A regular storm period covers the perturbing power the 21st to the 26th. This period may also be put down as a decided seismic period, centering on the 23d and covering the whole period. The telegraph will report seismic shakes in widely different part of our planet. See! In every probability tropical storms, calling for the watchfulness and care, will reach our southern coasts during or very close to this period.

The barometer will also give timely indications of active inland storms between the 22d and 26th. In case of low barometric conditions in the south, northerly winds and high barometer will follow inland storms from the northwest, making frosts more than a possibility in northern sections during the last week in August.

A reactionary storm period is central on the 29th, 30th and 31st. It is a well known fact that greater tropical storms, coming up from equatorial regions, outlive, as a rule, the limitations of the ordinary storm periods. This is true especially in cases where the Venus equinox and other astronomic causes unite with earth's equinox. But in all such cases it is safe to say that these storms take on renewed energy and violence as they

run into the storm periods next following those in which they originate. Hence, if tropical storms appearing at the period 21st to 26th, outlive that period, they will grow in strength and magnitude as they reach our coasts and march into our interior during the closing days of the month.

ANNUAL OUTING

Given at Idlewild Park to Poor Children by the Salvation Army on Wednesday.

The annual outing given the poor children of Newark by the Salvation Army, was held on Wednesday at Idlewild park, and was a great success in every way. Shortly after 8 o'clock Wednesday morning a large number of children together with the officers and members of the Salvation Army, met at the headquarters on Fourth street, and after having had a group picture taken by Photographer W. A. Smith, marched to the Interurban station, where they boarded several special cars that were in waiting and went out to Idlewild park. Here the children, numbering between 200 and 300, availed themselves of the amusements of the park besides engaging in all kinds of sports, and spent a most enjoyable day, which was seasoned with a big dinner. The children were in charge of Captain and Mrs. Moore, and it is a sure thing that they were given one of the times of their lives.

REV. L. C. SPARKS ASKED TO REMAIN

POPULAR METHODIST CLERGYMAN RECEIVES FLATTERING REQUEST.

Has Been Here Five Years and Notwithstanding Numerous Calls Will Remain Another.

At a meeting of the official board of the First M. E. church on Tuesday night, it was unanimously voted that Rev. L. C. Sparks remain here another year as pastor. He was given an invitation to that effect.

Mr. Sparks has been in Newark five years, and notwithstanding numerous calls has consented to remain another year. Rev. Mr. Sparks is well pleased with his work here and is liked not only by his congregation, but by everyone who meets him. Five years is the longest any minister has remained pastor of this church, so should Rev. Mr. Sparks be sent back by the Ohio conference, which is certain, he will have the honor of being here the greatest length of time of any pastor who has occupied this pulpit.

Mr. Sparks is a most congenial gentleman and one of the most forceful pulpit orators in Newark, the big church auditorium being filled night on Sundays. Not only that, but he is and morning with interested hearers a faithful pastor and labors unceasingly for the welfare of his church membership as well as that of the congregation who attend there.

TOTAL ABSTINENCE

The meeting held in St. Francis de Sales school hall last night, was a grand success. About 200 persons were present, among them being some of the most distinguished ministers, professional and business men of the city.

After the introductory remarks by Father O'Boylan, the speaker of the evening, Mr. William O'Brien began his address and for 30 minutes held his audience spell bound. He showed the evils of intemperance and then proved that total abstinence is the remedy. His speech was replete with humor and bursts of eloquence.

Mr. O'Brien proved beyond a doubt that he is not only an orator, but an actor also. He closed his speech with a most touching declamation. The prolonged applause given him is a sure sign of welcome to him again.

Rev. Mr. Warner of the Congregational church, and the gifted orator, Mr. Dennis Kearney, were also speakers of the evening.

The society is growing and there is no doubt about its success whatsoever.

Work was discontinued again at the Alhambra ore docks near Superior, Wis. The docks are making no effort to get the men back and the latter are making no advances.

OUR GREAT ANNUAL MIDSUMMER SALE

Opened this morning with great throngs of buyers in attendance. Never before was such enthusiasm manifested. The indications are that this sale will show an immense increase in the volume of business done, because at no former sale have the conditions been so favorable, and we are warranted in saying that it will be the biggest bargain sale we have ever held.

The enormous growth of each department the past six months has required the carrying of much larger stocks, which, of course, means larger lots for clearance. Another important factor of this sale is due to the weeks of unfavorable weather that prevailed the early summer, affecting business in the lighter apparel to such an extent that manufacturers were unable to find an outlet for their entire production. Many of these, eager to dispose of their surplus stocks, were ready to accept our terms, thus enabling us to offer the greatest bargains in our history.

KILLED HIMSELF

When Called to Testify at Coroner's Inquest Over the Dead Actress. Deep Mystery.

Colorado Springs, Colo., July 31—Amos Rumbaugh, of Pennsylvania, who shot himself when called to testify at the inquest of Laura Matthews the actress, who was found dead beside a mountain road Monday with a bullet in her head, died today. His death is the deepest mystery of the tragic death of the girl.

Rumbaugh died without having regained consciousness. The coroner, assisted by the police, are trying to find out whether the girl committed suicide or was murdered. None of the persons connected with the case will be permitted to return to Chicago until the police have cleared up the mystery. The girl's mother, now in Chicago, insists that Laura did not kill herself, but was slain by some jealous suitor.

DEATHS AND FUNERALS

MRS. KOERNER'S FUNERAL.

The funeral of Mrs. Katherine Koerner, who died at her home, 166 South Fourth street, on Monday afternoon at 4 o'clock, took place Wednesday afternoon at 4 o'clock. The services were conducted by the Rev. Mr. Schleiffer and the interment was made in Cedar Hill cemetery.

MR. TYRER'S FUNERAL.

The funeral of the late Martin Luther Tyrer took place Wednesday afternoon from his late residence on Morris street. The funeral services were under the auspices of the Pruthian Knights and were impressively beautiful. Reverend Mr. Wiesecke officiated and interment was made at Cedar Hill.

MRS. SHELLEY'S FUNERAL.

The funeral of Mrs. Margaret Shelley will take place from her late residence in Thornville, at 10 a. m. on Thursday. Rev. S. Q. Parks will officiate and interment at Glenford.

MRS. NANCY J. WARNER.

Mrs. Nancy J. Warner, daughter of Daniel Poppleton, born April 24, 1823, near Croton, died at Columbus, O., July 18, 1907. She was one of a family of 10 and only one sister, Mrs. Sibyl Duffey of Hedrick, Iowa, survives. She was married to Daniel Warner in 1843, and lived on the farm to which she then moved for 64 years, until her removal to Columbus a few weeks ago. To this union were born eight children, four of whom survive. Mrs. Rena Stockberger, Mrs. Mina Ogilvie, Mrs. Nora Dixon and Geo. O. Warner. Her husband died June 13, 1898.

Mrs. Warner was a consistent church member; hers was a quiet unassuming life, full of good deeds. The funeral was held at the Disciple church at Croton, Rev. H. Russell Clem officiating.

LIVERYMEN DO

GOOD BUSINESS

IN SPITE OF THE AUTOS, BIKES AND INTERURBAN TROLLEY CARS.

Horse is Here to Stay Notwithstanding All the Other Ways of Traveling.

Newark livery men all report that they are doing a good business, in fact a much better business is being done than for years back.

It seems strange that that can be so, in view of the facts. First came bicycles which displaced all over the United States countless numbers of horses, and at the time of the advent of bicycles the livery or any business connected with the horse business, was under a cloud as a money maker. People who rode the bicycle as a fad or a form of amusement soon got tired of it; prices of the machines soon got down to where those who just needed the machine for getting somewhere, could afford to buy one, so the machine, like water, found its level.

In the meantime horse breeders were fearful of the conditions and practically ceased raising horses for the market and all at once the public that had money to pay for what it wanted, desired horses, and they were not to be had, because you can not raise a horse as quickly as a machine can be built. Then the machinery men, always alert for the golden opportunity, put the automobile on the market, and at the same time the electric roads commenced with their ramifications over the land.

The horse breeders, quick to appreciate the good prices offered for driving and working stock, commenced trying to replete their stocks to meet the increased demand.

With the electric roads opening up new territory never before reached by the drummers from the great business centers, there was a great demand at once for horses created with which to work the points contiguous to the new territory, and these interurban roads which were once thought to be the deadly enemy of the horse business, are at present its greatest help.

The automobiles soon no doubt, will, like the bicycle, find their most practical use and have probably come to stay, but the horse for many years to come will be used to do duty where machinery can not be used.

Then, too, there is a sentimental and humane reason for the increased profits of the livery business. Years ago the horse was poorly treated, he was cheap and was not worth the care that he was entitled to.

People left him standing out hitched to posts, all day long, with no blanket to shelter him from the elements. Now all this has changed. The large towns of recent years, have abandoned the public hitching places and the humane society has been active, and no animal can be left standing out after a reasonable time. Many arrests for abusing horses in this manner, have been made, and today when a man drives a horse into the town, knowing that business or what not might detain him for a long time, he takes his animal to a livery stable and pays for his proper keep.

The growth and history of the country substantiates the assertion that the bicycle, electric interurban, automobiles all have their uses, but the horse was here when they came, and as long as the country remains only partially developed, the horse as heretofore, will be the pioneer in the initial work, and be always in demand at fair prices.

A HATPIN

USED BY WOMAN SUCCESSFULLY IN REPELLING ATTACK OF STRANGLER.

Police Working on Important Clue as to Identification of Murderer of Girls.

New York, July 31—The police are working today on an important clue which they think will lead to the arrest of "Jack the Ripper," who killed the young woman in an area yesterday. The mutilation of the body leads the detectives to the belief that the murderer is the same who killed and mutilated Gussie Pfeiffer, the young embroidery worker, whose body was found under a haunted oak on the old Pelham road, in the Bronx, two years ago.

Both girls were strangled by persons of gorilla like strength, and the victims were similarly maltreated. The same criminal may be responsible for other mysterious murders.

WORSTED A STRANGLER.

New York, July 31—With only a hat pin as a weapon, Miss Julia Krumshiek, a pretty music teacher, worsted a desperate stranger in a hard fight in the hallway of her home last night. Today the police are looking for a man who bears the scars of a hat pin. The girl was followed from the car by an unknown man.

MOLDERS TAKE FIRST GAME ON ROAD TRIP

PUT UP THE REAL ARTICLE AND NEW CASTLE FAILED TO SCORE UNTIL 9TH.

Lefty Snyder Makes First Home Run on the Cascade Grounds—The Nocks Outplayed.

Table with 4 columns: Clubs, Won, Lost, Pct. Rows include Newark, Youngstown, Akron, New Castle, Lancaster, Marion, Mansfield, and Sharon.

TUESDAY'S RESULTS. Newark 7, New Castle 3. Mansfield 5, Sharon 2. Youngstown 1, Marion 0. Akron 7, Lancaster 1.

TODAY'S GAMES. Newark at New Castle two games. Lancaster at Akron. Marion at Youngstown. Mansfield at Sharon.

TOMORROW'S GAMES. Newark at New Castle. Lancaster at Akron. Marion at Youngstown. Mansfield at Sharon.

New Castle, July 31.—New Castle lost the first game of the series with the Newark Molders at Mr. Cascade's park yesterday before supper, 7 to 3. Newark outplayed the Nocks in all departments, and the victory was an easily earned one.

Jacques Kennedy was hit so hard that Manager Smith derided him after the third inning and substituted the unhittable Reuben Bowers. The visitors obtained two runs from the red one, but he held Berryhill's men well in place.

There were three features to the game. First, Newark played organized ball.

Second, Lefty Snyder cracked out a home run, the first made on the New Castle grounds since the O. P. league was organized.

Third, New Castle had a batting streak in the ninth inning, hitting Mr. Locke for five singles and scoring their only runs of the game. It was an exciting wind up to a one-sided game, and brought the 300 or more spectators to their feet.

Up until the ninth inning New Castle could do nothing with the batters from the short arm of Locke. He was mystifying and while the Nocks hit the ball out of the grass the out-fielders of the Newark combination were ready for everything. Snyder in left field, had eight put outs, some of them of the sensational variety.

Newark was able to hit in pinches and won the game by cracking the ball with men on bases. New Castle seldom had men on the sacks, and when this happened, Locke or the fielders were always in the way of a score.

Umpire List was very fair and his decisions were all to the good.

Mr. Kennedy twirled nice ball in the first inning and it was a case of one, two three for the visitors. New Castle also ran. In the second the Molders punctured the run column. Schweitzer hit safely to short, Havel got to first on a bad throw and the Cheese Man scored when Murray new out.

In the third Newark exploded the fire works with a grand bang. It was a shame to see the fizzers fizzle. Locke didn't fool with Jacques Ken, but lined the first ball out for a two bagger. Abbott sacrificed him and Snyder sent his four sacker to the center field fence, Joe Locke scoring also. The ball went clear to the fence. Burke and Kreuger both went after it, but Kreuger got there first. Snyder made a hard run and Kreuger made a bad throw. The runner scored easily. He was given a reception by the fans as this home run game is entirely new at Cascade park. Wratten kept up the good work with another two bagger. Kennedy still

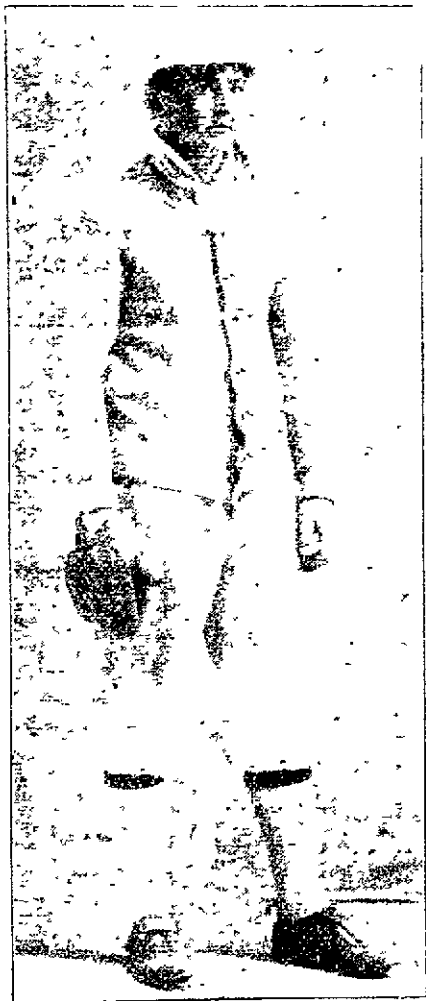

twirling. Schweitzer hit safe to third and Hagen tried to catch Wratten, but missed fire. Havel flew out to Captain Bill and Wratten scored. Murray singled to left and another runner panned it. That was about four.

Reuben Bowers was here inserted and Kennedy was given the back door ticket.

Bowers was not warmed up and performed a little badly at the start. Newark scored in the fourth and in the seventh.

It looked like a sure enough goose egg for the Yankins when the ninth opened up but after it had progressed about three shakes, there was a difference noted in opinion.

Mr. Davis, the first man to sound the death knell of the goose singled

LEFTY SNYDER,

Who made the first home run on Cascade Grounds.

Schlats also singled. Krueger hit for one base and the sacks were filled. Quick fielding by the Newark out-garden kept down scores. Burke got in the way of a swift one and walked, forcing Danny. Smith singled and Schlats scored. This single business being done by married men, seemed to be contagious. Hagen was not subject, however, and failed to gain entrance to the pest house when he fled out. Porter singled for his second batter of the game and Kreuger trotted home. Burke tried to hit a home run across the fence, but he didn't.

Today the Nocks and Newark are battling for honors in a twin header. Mr. Asner and Mr. Stout are scheduled to do the box work for the visitors, while Mr. Steen and Mr. Lim-tic are booked for the fling stunt in this town. Steen may try both games. His specialty is double headers. The score

Mansfield 5, Sharon 2. Sharon, Pa., July 31.—By bouncing hits and clever base running Mansfield defeated Sharon yesterday. Buckholz was effective except in the seventh, when Sharon got three hits and two runs. The playing of Green and Deleahy featured what would otherwise have been a tedious game. Score: Sharon 000000200-2 7 3. Mansfield 010002011-5 8 1. Batteries: Noah and Whisner, Bucholz and Breymer, umpire Drake.

Akron 7, Lancaster 1. Akron, July 31.—After winning but two games of the nine played on the last trip, Akron batted Justus from the box yesterday and took an easy game from Lancaster, 7 to 1. Curt Elston's homer over the right field fence gave the visitors their only run. ox's hitting was the feature. Score: Lancaster 000000010-1 7 1. Akron 000000000-7 9 1. Batteries: Justus, Gould and Fox, Goode and Lalonde, umpires. Latham and Hart.

Youngstown 1, Marion 0. Youngstown, O., July 31.—Thomas scored the only run of yesterday's game by a terrific homer to the right field fence. Green's fielding saved the game twice and Blount, by a great throw to the plate, cut off a run. Score: Youngstown 010000000-1 3 1. Marion 000000000-0 5 0. LEAGUE BALL AT THE PARK NEXT SUNDAY

MOLDERS WILL PLAY BROOKLYN NATIONALS AND EAST GAME CAN BE EXPECTED.

Fans Should Turn Out and Give the Leaders a Rousing Reception Next Sunday.

The Newark team playing baseball, in fact they are putting up a brand that any major league team could be proud of. Their work this season has been par excellent and away beyond the average. Their work with the stick and on the diamond has been commented on not only over the O. P. circuit but all over the vast area of base balldom Newark is proud of her team, proud of the excellent record which they are making, and proud of the fact that Captain Berryhill's aggregation is composed of as gentlemanly a set of ball players as can be found in any of the leagues. They have done much towards bringing our beautiful little city into prominence all over the country and therefore are deserving of the greatest praise and patronage. It is quite true that they are being liberally supported by the local fans, but there is always room for improvement.

The management of the local ball company has arranged with the Brooklyn Nationals for an exhibition game at Wehrle park next Sunday, with the Molders, and it goes without saying that every member of the team will put up the game of his life. Eyes will be on them from every section of the country as it is a well known fact that a number of the magnates are very anxious to secure some of the Newark timber. For this reason it no other an excellent game can be expected. The boys will do their best to down the fast Brooklyn aggregation who are now holding fifth position in the great race of the National league.

On account of the heavy expense which will be incurred it will be necessary to charge league prices. The fans will have the opportunity of seeing one of the big leaguers at the park, and one of the best games of the season. Let us keep up our reputation and turn out a crowd that will test the capacity of the grounds.

IN A CLASS BY HIS LONE SELF IS THIS WRITER

Fans of the eastern division would rather see the fight between clubs of their own neck of the woods. Newark, while admired for gameness and staying qualities, is looked upon as an intruder in the class around the top—Youngstown Telegram.

The sport writer of the Telegram is still using the same old pipe. He will wake up one of these mornings and discover that Newark has been putting up a better, cleaner and gamier class of ball than any team in the O. & P. circuit. Let's see, the leaders have held the top position since June 26. And they are looked upon as intruders in the class around the top. Who by, pray? The lone dope writer of the Telegram.

Well, we win the first of the road series. Here's hoping we come back with a majority of them.

Let's all pull together. Walter East's Rubber Necks are next on the list.

Did you hear about Lefty putting over that home run at New Castle yesterday. It was the first of the season at Cascade Park.

The Mud Hens downed the Senators for two at Columbus yesterday. The Champs will have to be up and doing if they expect to carry away the pennant this year.

Little Jap Barbeau sent out the single that tied the score in the first game at Columbus yesterday. It all happened in the ninth when Columbus had a lead of four. The Jap then scored, bringing in the winning run on Smoot's single. Columbus went out in 1 2 3 order.

Seven thousand people saw the double header at Columbus Tuesday afternoon. The Senators lost both games to the leaders of the American Association, the Mud Hens of Toledo.

Schweitzer got three of the nine hits at New Castle yesterday. The cheese man can always be depended upon to do good work with the stick.

The game Sunday with the Brooklyn of the National League promises to be the game of games. Lovers of the sport will be there to root for their favorites, the fast leaders of the O. & P.

Umpire Smink's work has been so putrid of late that the New Castle

players have named him Umpire Bill Stink.

Clymer is still leading the American Association in batting with an average of .415.

Justus of Lancaster heads the O. & P. list of twirlers, with Elston second. Both are in the neighborhood of the .350 mark.

Akron fans are complaining of the form the team is showing the last few weeks.

Henry Drake, the new O. & P. umpire is said to be giving satisfaction throughout the league.

Hugh Tate, one of the best players in the Marion team, is out, having sprained his ankle.

Groundkeeper Jack Lake is getting the grounds in shape for the big game with the National Leaguers. He will have everything in readiness for the tap of the bell.

New Castle made it's three scores in the ninth inning yesterday. They started a rally but couldn't go through with it.

Justus was knocked out of the box in the third inning at Akron yesterday. He was replaced by Gould.

From a commercial standpoint, baseball cuss a big figure in the Nation's prosperity. One sporting firm alone established by a Chicago player with a capital of less than \$500,000 now has an annual output of \$5,000,000, principally baseball goods. And this concern is but one of several.

Knock, and the loyal fan will turn around in his seat to see what you look like; boost, and you will attract no attention.

One little error by Humphrey, at short Monday was responsible for a rally which netted Youngstown four runs and gave them a 4 to 0 victory over the Lanks.

You will have the opportunity of seeing major league ball at the park Sunday. Brooklyn has one of the finest pitching staffs in the league and is playing great ball, it taking ten innings to decide yesterday's game at Chicago with the Cubs.

Lefty gets credit for the first home run on the Cascade grounds since the Nocks became a part of the O. & P. league.

A young man writes to an eastern paper to ask: "How can I become popular?" Wait till two men are out and the bases are full, then hit a home run.

Akron promised to take two games from Newark if the Champs did; the Akronites said they would do as well as the Champs against toe dreaded down staters, but in this East's men have just felt short.

Catcher McDonald has been released by the Nocks. McDonald is a heady player but has no nerves. He lost one game on the trip by dropping an easy ball and Smith decided to let him go. Brigger and Lauzon will now do the stunt behind the box.

Woodruff is at his home in South-ern Ohio. His little daughter is very ill.

Newark will play a double header this afternoon. It was to have been transferred to Thursday but the management decided to have it Wednesday as the K. of P. people will not be through with the park in time for two games on Wednesday.

Everything is now lovely in the ranks of the New Castle team. The players are all working hard and faithful and are fighting every inch of the way.

The Molders had three double plays in yesterday's game. Gyg to Havel, Murry to Gyg and Gyg to Havel.

Jacques Kennedy was given a back door pass in the third and the Reuben was substituted.

The Nocks found Locke for five hits in the ninth. It was a nice rally but availed them not. They were credited with three marks to the good and saved a shut out.

Here's hoping for a break even on the double header this afternoon. The Cubs keep up their winning streak while the White Sox broke even at Washington.

What is the difference between beating a carpet and attending a ball game? One of the dyed-in-the-wool fans was asked to beat the parlor carpet by his wife Monday afternoon and cheerfully complied. He finished the job, jumped a car and bled away to the park. The wife laid the carpet out ready to put it down and discovered that hubby had done an awful bum job. She called in a professional, paid him a half dollar and made the loyal fan shell out a plunk when he returned home from the game.

The next series is with Walter East's Akron braves.

Jack Welsh of San Francisco, will referee the Battling Nelson-Jimmy Britt match this evening.

The Mansfield Tigers are out of last place in the league standing for the second time within a week and it is now up to the team to stay out of the position by winning the majority of the remaining games with the Sharon aggregation on the invasion of eastern soil.

Breen and McAleese of Youngstown, ate tied in stolen bases, each having 33.

Marion fans think they could do without a bench manager and Drumm's official head is in danger.

It is generally conceded now that the Newark club is capable of playing just as good ball all the time—Pittsburg Press.

Out of each five persons in New York city of marriageable age two are married and three are not.

NEWARK LOSES FIRST GAME IN TODAY'S PLAYING

New Castle Wins by Score of 2 to 1—Molders Made Three Hits and No Errors.

(Special Telegram.)

New Castle, Pa., July 31.—At Cascade park this afternoon the Newark Molders and the Nocks are playing a double header. In the first game today the batteries were: Newark, Stoupe and Pearce; New Castle, Steen and Lauzon. Score: R H E. N 1 0 0 0 0 0 0 0—1 3 0. N C 1 0 0 0 0 1 0 0 x—2 5 2.

BOBBY HART WILL OFFICIATE IN BIG GAME

Secretary Frank Hopkins, of the ball club, has received word from President Morton that Bobby Hart would be here to officiate in the Brooklyn-Newark contest Sunday.

The game will be called at three o'clock and will undoubtedly be witnessed by a large audience. League prices will prevail. This is made necessary from the fact that Brooklyn could not contract unless it was stipulated that these prices would be charged.

POOR SMINK GETS IT ALL ALONG THE LINE

President Hyde of the New Castle ball club, who has been with the team on its trip west, returned with the club Monday night. He is loud in praise of the work of the Nocks but has changed his opinion of Umpire Bill Smink. He does not believe he is a capable official after seeing his work at Marion.

According to Hyde, Smink gave the game to Marion. He put Lauzon out of the game because he kicked and benched Jack Kennedy because he talked. He gave Marion everything in balls and strikes and called men safe when they were out a yard. He allowed a runner to reach third on a foul ball and passed men after they had been struck out.

McALEESE IS ABLE TO BE UP

Jack McAleese is coming along better every day with his broken shoulder blade. It was Jack's shoulder blade and not his collar bone that was broken here last Saturday. McAleese is at the city hospital in Youngstown. He arrived there Sunday. He was able to be up for the first time Monday. His arm will not be of use for a month yet at least, which puts it out of the question to hope for his return to the game this year.

LANCASTER WILL FINISH THE SEASON

The Lanks will be paid their semi-monthly salaries at Youngstown, one of the directors taking the money to that city. The officials claim that they will be able to finish the present season in Lancaster, but beyond that will not venture an opinion. Riley and Gould were released Monday night. The latter went with the team and will remain with them until the first of the month to which time he was paid.

S.S.S. PURELY VEGETABLE

A great many blood medicines contain Mercury, Potash, Arsenic or some other strong mineral. These ingredients act unpleasantly and often dangerously on the system by affecting the stomach and upsetting the digestion, and sometimes do great damage by eating out the delicate lining and tissues of the body. No such results ever come from the use of S. S. S. This great medicine enjoys the distinction of being the only guaranteed purely vegetable blood remedy on the market. It is made entirely from the extracts and juices of healing, cleansing roots, herbs and barks of the forests and fields gathered under our own supervision. In the treatment of Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin diseases, Blood Poison, and all blood diseases and disorders S. S. S. is a safe and efficient remedy. It removes from the blood all impurities, humors or poisons, and safely as well as surely cures all ills and ailments due to a bad condition of the blood. For more than forty years S. S. S. has been recognized as the best Blood Purifier and the Greatest of all Tonics. We have books on the different blood and skin diseases which we will be glad to send free to all who desire them, and will also furnish any medical advice wanted without charge.

CLOSEST FRIENDS OF DEAD WIFE ARE THE VICTIMS

ALLEGED IN KENTON THAT MR. BLACK HAS BEEN LEADING A DOUBLE LIFE.

Dr. Sapp Has Made No Charge and Has Not Decided What to Do. Ohio News.

Kenton, O., July 31.—Revelations in the contested will of Attorney Thos. B. Black indicate that all his victims were the closest friends of his wife, now deceased.

When the fact that Black had confessed to having victimized Dr. F. W. Sapp, of Columbus, out of \$28,000 by false mortgages appeared in the newspapers, the Misses Anna and Elizabeth Hawley, who conduct a millinery store at Columbus, hurried to Kenton to investigate the authenticity of a \$2,000 mortgage given to them by Black. They found that their mortgage had also been forged by Black, it is alleged, to whom they had entrusted their money. Black said in jail that he was willing to bear the consequences of his wrong doing.

Columbus, July 31.—Dr. F. W. Sapp has made no charge against former Mayor Black of Kenton, who swindled him out of sums said to be \$28,000. When asked if he would prosecute his old friend he replied:

"I have not yet decided what I shall do. Mr. Black is in jail of his own accord. I have made no charge against him. I want a few days to think it over."

It was stated in Kenton yesterday that Black has been leading a double life, and that he maintained a substantial establishment.

The Saloon Question.

Tiffin, O., July 31.—The German Federation, comprised of 1,000 sons of the Fatherland, selected their delegates to the state meeting at Toledo and instructed them to present to the convention a resolution requesting the next legislature to take steps to submit to a vote of the people of Ohio an amendment to the constitution providing for licensing the liquor business instead of the present taxation method, which they claim is a complete failure from a moral standpoint.

Remained on Duty.

Kent, O., July 31.—While smoke filled the rooms of the Allen block, threatening suffocation, Mrs. Tenia Breann, night home telephone operator, who discovered the fire, which originated in the basement, remained at her post of duty on the third floor, calling firemen and business occupants from their homes. Flames rolled up through the building, but she continued at her work alone. Six firms were burned out.

City Versus Railroad.

Springfield, O., July 31.—As result of the fight to secure new stations for Springfield, Mayor J. M. Todd filed 12 suits in Magistrate Smith's court against the Big Four for violation of the 15-mile-an-hour speed ordinance. The offenses are said to have been committed last Sunday, when six special policemen were placed on duty with stop watches. Next Saturday the 10-mile ordinance becomes effective.

Boys In Fusillade.

Youngstown, O., July 31.—Two boys were the central figures in a shooting which will terminate in a murder. They are John A. McCarty, 15, who did the shooting, and Ralph Fairman, the victim, 16, who is at the City hospital dying from a revolver wound in the right groin. The boys, with several others of their age, were at a moving picture show, when they got into a controversy.

Thrice-Divorced Couple.

Hamilton, O., July 31.—Judge Gard granted a divorce to Henry Gebhart from Anna Gebhart. It was the third divorce the man has been granted from this woman. Neglect was charged. Gebhart and his son Rola were acquitted some years ago of the murder of Wesley Morris in a quarrel over a gate at Brown's Run.

Mysterious Shooting.

Batavia, O., July 31.—Thomas Storey, resident of Goshen, met his death in an unaccountable manner. He arose about 1 o'clock and went out in the yard, presumably for fresh air. Five minutes later the report of a gun was heard. When members of Storey's

family ran to the yard they found him dying.

Jumped to Her Death.
Canton, O., July 31.—Fearing that the train would not stop, Mrs. Mary A. Auer of Canton jumped from a Pennsylvania passenger train near Orrville and was thrown violently to the roadbed and injured so badly that she died from the wounds.

Not For Him.
Columbus, O., July 31.—Professor S. F. Humphreys of Ironton, who was elected superintendent of the state school for blind three weeks ago and accepted, has rejected the position.

FOUND AT LANCASTER

Kidnaped Six Years Ago Youth Is Located by Mother in Industrial School.

Buffalo, July 31.—Little Elmer White, who, it is alleged was kidnaped from his home, No. 186 Rhode Island street, Buffalo, one afternoon six years ago, has been found in the Ohio State Industrial School at Lancaster, O.

After suffering in ignorance of the fate of her son during this period, Mrs. Adele M. White has just returned from a trip to the school, where she and the lad were reunited. The boy is alleged to have been kidnaped by his father, Wm. A. White.

JUDGE WICKHAM

Rules That Heirs May Ask for Widow's Dower—Establishes Precedent at Delaware.

Delaware, July 31.—A precedent in the division of an estate was established here when Judge Wickham ruled that the heirs might petition for a dower to be set aside for the widow of their father. In all previous Ohio cases, the widow has petitioned for the dower, and there was considerable doubt among the attorneys as to the legality or such a petition from the heirs.

BEES SETTLE ON A WOMAN'S HAT

Marion, O., July 31.—While a passenger car on the Columbus, Delaware and Marion electric railway was standing at a point south of the city Tuesday, a swarm of honey bees from hives on a nearby farm buzzed through an open window. A panic ensued when the greater part of a swarm settled on a bunch of imitation cherries on a woman's hat. When the last bee was put out of the car it was found that three persons had been stung.

FORMER NEWARK MAN

Becomes Master Mechanic of Hocking Valley Railway Succeeding E. J. Powell, August 1.

Delaware, July 31.—Announcement is made at the general offices of the Hocking Valley Railway, of the appointment of M. A. Kinney, general foreman of the Columbus shops of the company, as master mechanic of the entire system to succeed E. J. Powell, resigned. The appointment is effective August 1.

Mr. Kinney came to Columbus recently from the B. & O. railroad at Newark, where he held the position of roundhouse foreman. Mr. Powell has been with the Hocking Valley railway for many years and his friends will regret to see him leave the service.

Mr. Kinney will be succeeded as general foreman by E. J. Davis, a machinist in the shops.

ZANESVILLE NEWS

Morrison Knowing He Was Insane Surrendered to Officers—Personal and News Items.

Zanesville, July 31.—The peculiar instance of an insane man, realizing that he is insane and should be taken into custody, occurred Tuesday in the case of Wells Morrison, aged 68, a farmer of near Sonora, who was adjudged insane and removed to the Columbus state hospital. Morrison told the sheriff that he knew he was insane and that he had better be locked up.

Lawrence Moran, 75, was buried this morning in Mt. Calvary cemetery.

Fear of being sent to an asylum caused Frank Huff, 32, to commit suicide at Engleport. He drank poison. The engagement of Miss Katherine Shockley of Washington and G. H. Geist of Zanesville is announced.

BROTHERS MEET AFTER MANY YEARS AT MT. VERNON O.

EACH HAS THOUGHT THE OTHER HAD DIED SOME TIME AGO.

Kenyon Gets Gift of \$10,000—Poisoned by Toadstools—Mt. Vernon News.

Mt. Vernon, July 31.—A pleasant reunion occurred at the home of Ex-Prosecuting Attorney L. C. Stillwell, Sunday night when two brothers met for the first time in 24 years. The brothers were Mr. L. C. Stillwell and Mr. W. E. Stillwell of Reading, California. Both thought each other long since dead and neither recognized the other at first glance.

Mr. Stillwell and family were away from home during the day, and when they returned in the evening they found a stranger on the front porch. It was some minutes before the brothers recognized each other.

Mr. L. C. Stillwell stated that he long since thought his brother dead. He knew he had lived some place in California and advertised in the California papers several times, but never received a response. It has been 24 years since Mr. W. E. Stillwell left Knox county and this is his first trip back in all these years.

A message comes to Gambler that Mr. Joseph Larwill of Kansas City, had made a generous gift of \$10,000 to Kenyon college.

Mrs. James Cole, a former resident of Mt. Vernon, died in Kansas City, Mo., Monday. She was a sister of Col. Beany of Green Valley.

The tax levy for Mt. Vernon for the coming year is 9-14 mills, having been increased owing to street paving. Dwight Hyatt has filed an answer to his wife's divorce suit in which he says that the real estate which he owns is mortgaged in the sum of \$7,000.

Mrs. Esther Driver of Mt. Gilead, mother of Mrs. Verd Critchfield of this city, and her daughter, Miss Elizabeth Driver, and Miss Anna and Miss Esther Williams and Mr. Edwin Williams of Shawnee, O., were all poisoned last week at Mt. Gilead by eating toadstools for mushrooms.

MRS. A. F. CRAYTON'S NEPHEW DROWNED

Mrs. A. F. Crayton received the sad news of the death by drowning of her nephew, Mr. Ralph Claypool, son of Mr. and Mrs. John R. Claypool of Lancaster, although the particulars of the drowning are very meagre. A few weeks ago Mr. Claypool, in company with Mr. Musser, also of Lancaster, left on a pleasure trip to the Pacific coast and while in British Columbia, Mr. Claypool was drowned in a lake. Mr. Claypool was aged about 22 years and was a student of Ohio State University at Columbus. Mr. and Mrs. A. F. Crayton left for Lancaster on Wednesday.

Begin Right

For all forms of nervous diseases take Dr. Miles' Nerveine, whether it be simple nervousness, or those nerve destroying fits and convulsions. It is a tonic for weak nerves—It will restore nervous energy, and give strength to the entire system.

"In 1888 my little daughter was stricken with paralysis of the brain. For seven long weeks she lay like one dead. At times she would rally, and spasms would follow. I had the service of two of our best doctors and they could do nothing for her. At times it would take two or three days to hold her in bed, and for seven days and nights we had to keep her little head packed in ice, the pain she suffered was so severe. Mr. Prentice, the druggist advised Dr. Miles' Nerveine. I got a bottle and began giving it to her every two hours. After about ten days she began to quiet down, and within two weeks' time she could sit up in bed, and rapidly improved from that time. We have given her about twenty-five bottles of Nerveine, along with the Nerve and Liver Pills, and to-day she is well and healthy as ever. My wife and I were completely worn out, staying up nights with our little one during her sickness, so we began taking the Nerveine ourselves, and with the very best of results."

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

SOMERSET CHILD

Died in Hospital After Being Rushed on a Special Train to Columbus—Choked on Apple.

Columbus, July 31.—The fifteen-months-old child of Edwin Metzger of Somerset, died at Grant hospital as the result of a small piece of apple lodging in the throat. The child choked on a piece of the fruit Monday, and after the physicians at Somerset found it impossible to dislodge the small particle, which had found its way to the trachea, a special train brought the little sufferer to this city. On account of its tender age an operation could not be performed.

GREATER CARE WILL PREVENT NAVAL ACCIDENTS

Washington, July 31.—Immediately on his return from Oyster Bay, where he discussed the matter with President Roosevelt, Acting Secretary Newberry of the navy took steps to carry out the plan agreed on between them for the convening of a board of naval experts to thoroughly investigate turret construction and operation, with a view to the adoption of means to prevent if possible a repetition of disasters such as befell the battleship Georgia several weeks ago, and which have occurred several times on naval vessels in recent years. Among the recommendations made by the board of officers which investigated the accident on the Georgia were the following: The introduction into handling room of an automatic spraying apparatus, so that in the case of any emergency the powder then in the room may be quickly wet by merely using a lever; a change in the drill regulations whereby no powder is to be brought into the turrets during the firing until word has been received that the bore of the gun is clear of "all residue from the last shot;" an improvement of the automatic shutters which separate the turret from the handling room below, with the view of preventing by all possible means the falling of any sparks through any crevices. These recommendations will be taken up and considered by the new board.

NOW HUNTING FOR THE SOUTH POLE

London, July 31.—The Endurance, originally a Newfoundland sealing vessel of 227 tons, but which has been refitted as a steam barkentine, sailed down the Thames with the English south polar expedition, commanded by Lieutenant E. H. Shackleton, on board. Lieutenant Shackleton was a member of the Discovery Antarctic expedition under command of Captain Scott. Winter quarters for 12 persons, with provisions for two years, will be established on King Edward VII Land, and an attempt will be made to reach the south pole during the summer of 1908. The equipment on board the Endurance consists, among other things, of a motor car provided with different sets of runners for travel over surfaces of varying softness, 12 Siberian ponies and 24 dogs. Several scientists with elaborate apparatus accompany the expedition.

BOYS HAVE LEFT FOR CAMP MEETING

Knights of the Holy Grail Under Rev. Mr. Bailey Go to the Lancaster Camp Meeting.

The Knights of the Holy Grail, a boys' club of the West Main street, M. E. church, left at 11:20 today on the Interurban for Lancaster to spend 18 days at the camp meeting there. Rev. H. S. Bailey, the pastor, will have charge of the boys, about 17 in number, and they carry tents and other camp paraphernalia, and while there will do their own cooking and spend the time as a regular outing. During the time they will carry on a systematic study of nature in general. Birds, flowers, insects, bugs, much corn and fungi, trees and water, families will receive attention. Rev. Bailey is himself an enthusiastic student of these subjects, and a great advocate of the theory of saving the boy.

The ministers and missionaries of the western central part of Canada are taking up the subject of endeavoring to supply wives to the bachelor residents of that section.

AIRSHIP SAILS AGAIN FRIDAY AT COSHOCTON

SENATOR BENJAMIN TILLMAN SPEAKS AT BUSINESS MEN'S PICNIC AUGUST 2.

More Trolley Line Talk—Eli Voorhees Dead—Aged Woman Hurt—Coshocton News.

Coshocton, July 31.—The airship will sail at the business men's picnic at supper time Friday evening. In the afternoon Senator Ben. Tillman will speak after which there will be auto and bicycle races and perhaps a horse race or two.

J. J. Breiteringer and B. E. Ottman of Cleveland, arrived at noon to take up active work of the right of way on the line from Coshocton to Blissfield, Orrville and Cleveland.

Judge Stone and M. E. Caffey of Cleveland arrived at about the same time, and went over the city. They are behind a brand new project to build a line from Zanesville to Coshocton to Uhrichsville, the long looked for "connecting link" for the north and south lines.

W. C. Starkey, a former Roscoe man, has returned after an absence of 27 years and is visiting friends here.
